

Compared to this time last year, do you believe your quality of life has gotten better, remained the same, or gotten worse?

Percentages may not equal 100 due to rounding

If responded 'worse' to previous question:

Please indicate why you think your quality of life has gotten worse in the past year.
Select all that apply.

| | Total |
|---|-------|
| The economic recession/ struggling with finances | 90% |
| Personal hardships (loss of a loved one, personal struggles, etc.) | 34% |
| New government plans/policies that personally affect you | 32% |
| Medical hardships (health concerns, medical conditions) | 42% |
| Job loss, concern of job loss | 46% |
| Divorce/separation, suffering relationships (with children, spouse, parents, friends, etc.) | 8% |
| Other | 10% |
| None | 0% |
